

Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Tuesday 23 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Light rain arriving overnight.

This Evening and Tonight:
Cloudy with the odd clear spell for some. A slow moving band of light rain will arrive during the early hours. Light winds throughout with temperatures around normal. Minimum temperature 0 deg C (32 deg F).

Wednesday:
Early rain will clear away through the morning to give dry and sunny conditions for the remainder of the day. Maximum temperature 12 deg C (54 deg F).

Outlook for Thursday to Saturday:
Thursday and Friday will see showers, with a risk of hail and thunder. Winds strengthening on Friday and feeling colder too. Drier on Saturday with sunny spells.
